Picks for January

Pietra Firma Flooring

Pietra Firma brings back the rich detailing of mosaic flooring that we saw in homes of the past. Each black marble tile is inlaid with 90 diamonds, mother-of-pearl, and abalone shell. With ten tiles per square meter, every square meter contains 900 diamonds.

\$1,000,000 per square meter, pietrafirma.com

Aluminum Steer Skull

This sculptural piece of art is the perfect accompaniment for adding a dose of Wild West-masculinity to a space. Hang it above a mantelpiece for the perfect blend of modern and rugged.

\$922, vanillawood.com

Kiva Platters

For the hostess who has everything, these semi-precious stone Kiva Platters are perfect for a chic soiree. Finished with sterling silver and 24-karat gold and polished by master craftsmen, these trays retain the raw quality of their stunning natural stones.

\$1,260 for a set of three in 24-karat gold, rablabs.com

Lalique Crystal "Raisins" Decanter

Serving a drink straight out of the bottle is reminiscent of college days; graduate with an elegant crystal decanter made in France that is just as beautiful when it's being used as when it's adorning your library or dining room.

\$2,350, cristallalique.fr

Freedom of Creation Palm Floor Lamp

This table lamp is the ultimate in high-tech lighting – using laser sintering technology, CAD drawings become 3D creations that mimic organic shapes, or perhaps alien life forms.

\$840, freedomofcreation.com

Domsai Terrariums

Are you an appreciator of green space and also things that are a bit tongue-in-cheek? Matteo Cibic's clever Domsai Terrariums are 10-inch planters that are low-maintenance and adorable.

\$900 for a set of 6, matteocibicstudio.com

Aquavista Dinosaur Gold Edition Aquarium

Parts of this solid 24-karat gold aquarium are over 65 million years old. The side veneers are made from mammoth and a tyrannosaurus bone diagonally shaved into the tusk. However, you will have to hurry if you plan on grabbing one of these; only three will be made before the design goes extinct.

\$4,658,378, stuarthughes.com

Evil Robot Lamps

What do you do with those well-loved toys when you grow up? Keep them around! Evil Robot Designs takes your discarded toys and recreates them into bespoke pieces of functional art.

\$1,125 to \$2,411 (depending on customization), evilrobotdesigns.com

Monte Carlo Casino Desk

This desk is the perfect inspiration for stylized marquetry. Linley's writing table pays homage to Monaco's most notable landmark – the Monte Carlo Casino. It features a detailed replica of the casino's architecture in American walnut and inlays of Santos rosewood, sycamore, and dark red leather, creating the perfect place to get down to business.

\$100,000, davidlinley.com

Pixel Limited Edition Cabinet

This chest is unlike any we've seen before. With over 1,088 triangles of gold leaf, silver leaf, lacquering, and ten different types of wood leaf, the craftsmanship is superb. The drawers are finished in aged mirror and portray a quirky yet sophisticated character, a design that will leave any artist in awe.

\$20,747, bocadolobo.com

Tekto Fireplace

The portable, bio-alcohol fireplace is sleek and light and might be mistaken as a coffee table before a gentle touch cracks it open to reveal its burning capacity. The Tekto fireplace is from Porsche Design Studio and is inspired by the earth's tectonic plates which, once cracked, reveal the burning magma within.

\$1,950, safretti.com

You Are Here Bespoke Coffee Table

The You Are Here coffee table shows you the exact location of where you are sitting. Each table map is made to order. Simply supply your zip code and a small arrow will be engraved, pointing to your home or businesses location.
